## **KTY Town Team Busy Bee Kununoppin War Memorial**

Well done and thank you to everyone who participated in the KTY Town Team Busy Bee at the Kununoppin War Memorial. The group spread white quartz donated by Chisholm Quarry, removed the old pot plants, painted the concrete path, dug holes, put in retic and prepared garden beds ready for planting. After the busy bee we enjoyed a sausage sizzle at the Kununoppin Community Centre.

## Recovery Basics for Local Government and Community Leaders

An Introduction to Recovery Recovery Basic provides an introductory understanding of the models and practice that drive recovery work, based on current disaster management and community development theories and principles. Participants will:

- Explore the impacts of disasters on individuals and communities
- Learn about the impacts of stress on the mind and body, and how this relates to early and mid-term recovery of communities
- How to ensure recovery workers consider and advocate for the psychosocial needs of the communities they work with, including how to deliver principles of Psychological First Aid
- Explore the challenges of working in recovery, and strategies for communicating with disaster-impacted individuals
- How to look after yourself during and after disasters.

This is a targeted workshop to LEMC members of the Shire of Trayning, Wyalkatchem, Mt Marshall and Mukinbudin, hosted by the Shire of Trayning on **Wednesday 1st May from 9am - 1pm**. Suitable for community leaders, emergency managers, community development workers, team leaders, managers and executives who are, or will be involved in disaster recovery.

Please register your interest to [shelby.robinson@dfes.wa.gov.au](mailto:shelby.robinson@dfes.wa.gov.au) for more information.

## Emergency Ready

Emergency Ready is an all-hazards, disaster preparedness workshop. Working with the RediPlan booklet participants will learn the steps required to create an emergency plan, including:

- Preparing mentally for the stress of an emergency
- Understand hazards that may affect them
- Knowing where and how to get relevant information before, during and after an emergency event
- Packing an emergency kit
- The importance of connecting into a personal support network

Participants will learn how to reduce the impacts of emergencies, big or small, by being prepared. Learn the four steps you can use to be prepared.

Please register your interest to

### Supporting the Supporter

Supporting communities during and after emergency events can be stressful. People involved in emergency response and recovery are often in everyday roles that support the community and may be personally affected by the emergency. The Supporting the Supporters workshop is a practical session that examines typical reactions communities and individuals have to disasters, the typical trajectory of recovery for communities, the impact of stress on the mind and body, and practical ways you can support your own wellbeing in post emergency and recovery environments. This workshop covers:

- What working in recovery environment is like.
- How to support the community in a recovery environment.
- Self-care and wellbeing.
- Basic Psychological First Aid

## Public Notice

We are excited to share an update on our 3G SMS Checker tool we have launched for our customers to check if they need to upgrade their device before the 3G network closes on June 30 this year.

It's very easy to use – just send an SMS with the number 3 to 3498 or “3G XT” to receive almost instant advice on your device. As you know, we have been contacting customers directly about the closure, however this is another quick way for them to check if they need to take action. We will of course continue our program of communicating with all our impacted customers via direct communications channels and otherwise prior to closure.

Today we have also stated publicly that there are currently approximately 113,000 consumer mobile phones still to upgrade before our 3G network closes. This number is most relevant to share at this point in time because these are the customers who can use our SMS checker.

You can find some more information about the tracker in our TEX blog published this morning: <https://tel.st/3GXT>

Please reach out with any questions.

Kind regards

Thanks,

## Funding and support information for WA primary producers

This document provides some useful resources and information on grants and funding available to assist growers, pastoralists and industry experiencing hardship in challenging times.

---

### Season information

Season 2024: information for WA farmers and pastoralists - seasonally relevant information and management options in broadacre and south-west agricultural areas and the Southern Rangelands of Western Australia.

### Options to investigate

#### Farm Debt Mediation Scheme

- Available to assist farm and pastoral businesses resolve commercial debt disputes regarding loan agreements with their financial institution. Mediation is conducted by an independent mediator in an impartial and safe environment. For more information visit the [website](#), email [ruralbusiness.developmentunit@dpird.wa.gov.au](mailto:ruralbusiness.developmentunit@dpird.wa.gov.au) or call 1300 374 731.

#### Grants and programs

- Farm Business Resilience Program will help farmers identify gaps in their business strategy and provide them with the tools to prepare for, and manage, risk and improve business resilience.
- Future Drought Fund invests in projects to strengthen drought resilience.

A grants and programs finder is available, it is a guided search will help you find grants, funding and support programs from across government. WA specific grants and programs:

- AgBiz Drought Loans provides small businesses located in a drought affected region with loans to help them manage their business during a drought. Small businesses directly linked to the farming sector in drought-affected communities can apply for loans.
- Farm Management Deposits Scheme allows eligible primary production businesses to make cash deposits into a registered deposit institution in high income years and avoid being assessed for income tax on that sum, during that financial year. The deposit can be drawn upon in subsequent lower income years and assessed for taxation in that year.
- Drought loans for farm businesses provide loans to farm businesses to help them prepare for, manage through and recover from drought.

Farm Household Allowance Program provides farming families experiencing financial hardship with assistance through planning and training for long-term financial improvements as well as income support for up to 4 years.

Often funding is not available until a natural disaster is declared.

## Support services

- The Regional Mens Health Initiative (RMHI) is a wellbeing and health education project aimed at improving outcomes for men and communities in regional, Western Australia. RMHI enables individuals, groups and communities to be self-sustaining and self-managing of wellbeing challenges. Phone: (08) 6314 1436
- Rural West provides free financial counselling to all primary producers and aims to transition clients through a financial crisis, improve their financial well-being and resilience, and improve business profitability or facilitate a dignified exit. Phone: 1800 612 004
- Rural aid provides critical support to farmers affected by natural disaster through financial, wellbeing and fodder assistance.
- Farmers across borders is a group of farmers and truckies from Western Australia aiming to help farmers by providing animal feed (straw & hay) and moral support to those who have been affected by drought and other natural disasters.
- Other rural support services are available, here is a comprehensive list.
- Drought, disaster and rural support - DAFF (agriculture.gov.au) - provides a list of programs and services to help prepare for, manage and recover from droughts, floods, pests and diseases, and other market disruptions.

## Natural disaster assistance

The WA Government website lists support during emergencies caused by floods, droughts, cyclones or major bushfires or other natural disasters.

- Prepare warnings & incidents, recovery - Department of Fire and Emergency Services - provides simple advice and directs you to resources where you can find practical actions to prepare for and cope during a bushfire.
- Farm recovery after fire information and support services for recovery after fire.
- Animal welfare in emergencies - links to animal welfare during bushfires and recovery.
- Disaster recovery funding for WA is listed here when a natural disaster has been declared.
- Disaster Assist lists some arrangements to help with relief and recovery costs such as:
  - Disaster Recovery Payment may be provided as a one-off recovery payment to assist individuals and families that have been significantly affected by a major disaster.
  - Disaster Recovery Allowance a short-term income support payment to assist individuals who can demonstrate that their income has been affected as a direct result of a disaster.

# Anzac Slice

## Ingredients

- 1 ¼ cup plain flour
- 1 ¼ cup rolled oats
- 1 cup brown sugar
- 1 cup desiccated coconut
- 150 g butter
- 2 tbsp golden syrup
- ½ tsp bicarbonate of soda
- 2 tbsp boiling water

## Method

1. Preheat oven to 180°C and line a 28cm x 18cm slice tin with baking paper. Make sure you leave paper hanging over the edges to help you remove the Anzac Slice from the tin once baked.
2. In a large bowl, combine the flour, oats, sugar and coconut.
3. Place butter and golden syrup into a small saucepan and cook over a low heat for 6 minutes, stirring regularly until the butter has melted and the ingredients have combined.
4. In a separate bowl, combine the bicarbonate of soda and boiling water, and stir to dissolve. Remove the melted butter mixture from the heat and stir in the dissolved bicarbonate of soda mixture.
5. Pour the wet ingredients into the bowl with the dry ingredients and use a large spoon to stir together to combine.
6. Pour the slice into your prepared baking tin and using the back of a spoon, press the mixture evenly into the tin. Bake for 25 minutes or until the slice is golden brown.
7. Carefully remove the slice from the oven and allow it to completely cool in the tray before cutting into squares.
